

Welcome to the African Perfection B+B's

Named for the legendary right point peeling off it's doorstep, it is like the product of the vision and passion for surfing of J-Bay's iconic Cheron Kraak.

Originally conceived back in 2002, the first **AFRICAN PERFECTION** was constructed on arguably the most epic plot of land overlooking the majestic **SUPERTUBES**. Cheron created it primarily to ensure that the **BILLABONG PRO** would continue to be run from it's original space. In fact, **AFRICAN PERFECTION 2** was daringly acquired 2 years later, before construction on the first building was even complete, specifically to make sure that our flag would keep flying on one of the most special places on earth.

Cheron, with her great team, was responsible for building the Country Feeling and Billabong brands in South Africa into household names through their incredible commitment, love, passion and dedication to the surfing lifestyle.

Since then all greats surfing Andy Irons, Occy, Rabbit, Joel Parkinson, Tai Burrows and so many others, have stayed, and stay at **AFRICAN PERFECTION** to surf the perfect waves at **SUPERS**.

Today, staying at **AFRICAN PERFECTION** guesthouses would be the closest any of us could get to waking up to **PARADISE** when the waves are firing down the line...

PURE PERFECTION on the southern tip of **AFRICA**.

Enjoy Yourself!

IN-HOUSE

African Perfection
